STREET CARS ARE A GREAT CON-VENIENCE
to those who live in the suburbs, but, alas, they are an awful nulsance to those who live so close in that they do not need them, and yet must listen to them rattling by late at night and early in the morning. In case of Iliness, or ner-vousness, it becomes a serious matter. To get a place to live within two blocks of the business center, and yet be en-tirely free from the noise of street cars (as well as other noises and crowds) is a rare thing. That is just what you get at

"THE WOODRUFF,"

the big new apartment building now being completed on Second East, half way between the Methodist church and the Y. W. C. A.

It is an ideal place, quiet, dignified neighborhood, no street cars within half a block, and none needed.

Select a cozy flat now, and have it finished to suit your taste. The building will be ready in about thirty days.

We furnish heat, het and cold water, janitor and night watchman service, telephones and gas fange. Fireproof and soundproof wails between each apartment, every room light, bright and well ventiliated. All finished in hard wood, marble and
